

## **Journal**

**From may 23 to may 27**

**Was a good week a could develop all my activities and hours with my group with the different that I am not taking 2 groups as a was doing due to a finished my hours but I continued assist to class but just with one group.**

**This week was something hard due to I had to say good bye to my students and was difficult to me and for some of them to many girls said to me that “ do not leave us teacher , if you want we are going to pay you but do not leave “ and that parts was hard , with that situation a noticed that I did a good job their behabe now in better and enjoy English more I hope to come back again one day and say hello , I could say that I learn so much of them and they of me , many thing and I am so proud to be that young teacher that students feel good and never are going to forget as some of them said .**
