

MY PEDAGOGICAL PRACTICUM II

CONTEXT

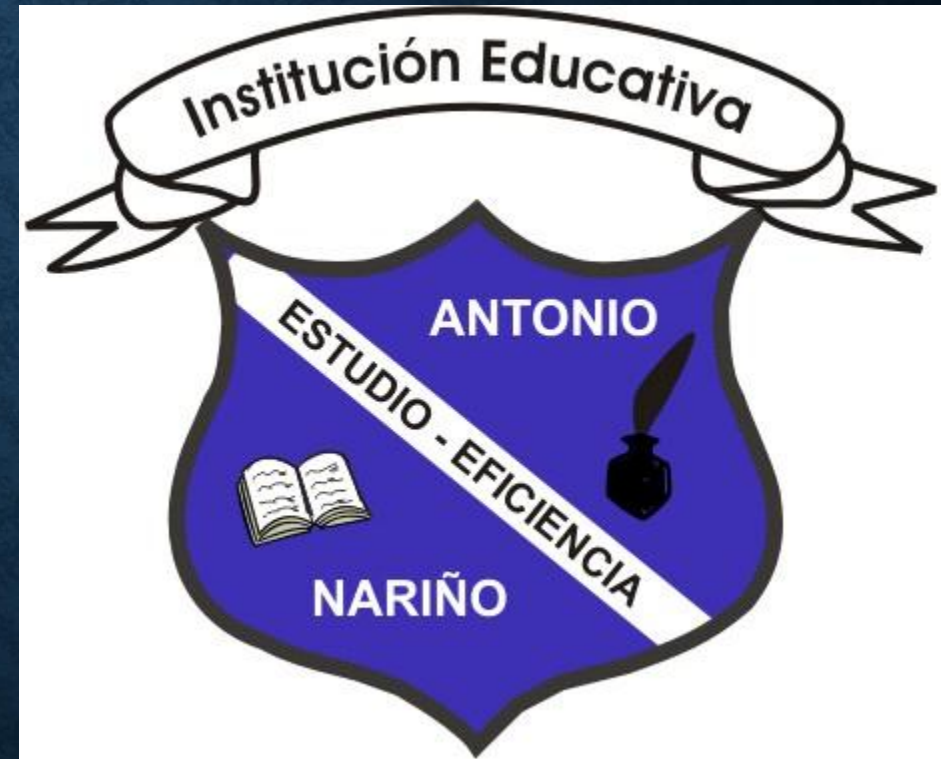

High school

Located in Sucre neighborhood

41 begginer students

English teacher

Well provided rooms

MY EXPERIENCE

- Provided me with a lot of knowledge
 - Good relationships
- Immersed as a real teacher
 - Some difficulties
 - Motivated me

- Unmotivated students
 - Misbehavior
- A lot of translation
- Different problems

THE STRATEGIES I USED

- Giving responsibilities
 - Group working
 - Value their effort
- Use of the language

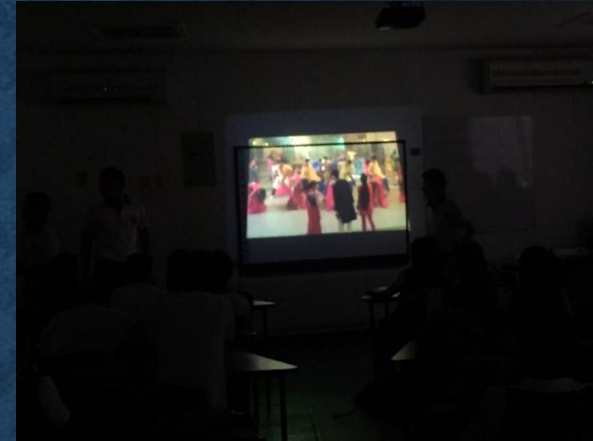

RESULT

- Better pronunciation
- Enhanced students' participation
 - Respectful students
- Use of the knowledge acquired

PRODUCT

- NOW...
- Students are able to produce more in english
 - Motivated students
 - Students are able to behave better
- Students are able to work individually or in groups

REFLECTION

Working as a pre-service teacher is not easy as theory make you believe, you have to be in front of a classroom to see and feel the reality. The most important thing is to not give up and always give your best in everything you do and take advantage of the little opportunities or the much you have at your favor.

THANK YOU
