DIAGNOSTIC ACTIVITY

METHODOLOGICAL ACTIVITIES

- **WARMING UP**

I will present myself as the English teacher, I will be rude at the moment of giving instructions and setting the rules for English classes due to those students who belong to those grades are highlighted for misbehaving and also some teachers gave some pieces of advice about do not leave them kidding or misbehaving at any moment due to they are used to be focus of indiscipline. They have to be clear that I am the teacher and they are the learners.

- **OPENING**

While observation I could notice some of them were listening some David Guetta's songs while teacher was writing on the board, so I will carry a speaker to put a David Guetta's song in order to catch their attention.

- **DEVELOPMENT**

with the some I can involve several topics by asking questions such as : who is the singers name ? can you spell his name ? where is he from ? how old do you think he is ? how many songs of him do you know ? what is the translation of those tittle of the song into Spanish ? do you like them ? what words from those songs do you know ? what would you like to be when you be an adult ? if you have the opportunity to know him how will you interact with him ?

- CLOSURE

I will call the roll to start learning their faces and how they performance, also I will choose some notebooks in order to know how main English teacher's methodology is and also whether they write or not.
